People in developing countries do not have access to social services like we have in the USA. Abject poverty is when a family lacks access to 2 of the basic necessities (clean water, food, education, housing, health care)

Even worse than living in poverty, is living with abuse or abandonment.

The girls living at Our Little Roses Orphanage have been rescued from abandonment and abuse. They cared for, educated and are nurtured.

They are given a chance to grow into women who will one day change the cycle of abuse and poverty. They learn dignity, self-respect and independence.

Ministry of Presence

We are like visiting family for the girls who grow up not having “a regular family”. We share friendship and make the girls feel loved. In return we are reminded of how blessed we are.

Work Projects

We do work projects around the home with the girls:

- Painting
- Fixing furniture
- Small home repair chores

This helps prepare them for when they will be living on their own

The Holy Family Bi-lingual School is on-site

Grades K - 6th Grade)

Be Thankful

Living in the USA we are fortunate in so many ways. We often forget that the majority of the people in the world live in poverty, do not have access to clean water or education.

It is a blessing to have enough to share with others.
